# *TargetPractice*

Task file downloaded: target_practice.gif

```
└─$ file target_practice.gif
target_practice.gif: GIF image data, version 89a, 320 x 317
```

Opening the file, it is an animated gif.

Let's cut into images it with an online tool:
https://ezgif.com/split

After download and unzip we have got 22 files: frame00 to frame21

Searching which QR, dotCode it is what we see...
It is a MaxiCode.

Let's decode each ones with an online tool:
https://products.aspose.app/barcode/recognize/maxicode#

Processing files in ascending order:

nualopohofozqjvbppzbayiihremwd
estaggvnmimpbcvtlrxortjqynieue
nfltdablbnpzhruspiwekpinumtecc
ksdbwgcqbdbovofguzxfhpdhvwofje
